"We make it easy for you to find windows and doors to reflect your style and taste."

KÖMMERLING®
German PVC-U Windows & Door System

U-PVC (unplasticized polyvinyl chloride) formulation and extrusion process make window frames that deliver superior performance, energy efficiency and environmental sustainability.

Resistance to Almost Everything: uPVC is naturally resistant to moisture and atmospheric pollutions such as acids, alkalis and salt air. It is impervious to rot, rust, blistering and flaking, as well as infestation by termites or other insects. It resists mold and mildew, and scratching will not require any touch-up. As a result, designed windows and doors you install today will retain their lustre for years to come.

UPVC Advantage:

- * Economical & Maintenance Free
- * Eco-Friendly
- * Corrosion proof
- * Saves Energy
- * Excellent Thermal & Acoustic Insulation
- * Rotting or Warping proof
- * Not Affected by Intense Heat & UV Exposure that can result into discoloration
- * Energy Efficient
- * Water Proof.
- * Fire Retardant
- * Weather Resistant
- * Termite Free

UNIQUE MODULAR KITCHENS

What exactly is a modular kitchen?

Modular Kitchen is a term used for the modern kitchen furniture layout consisting of modules of cabinets made of diversified materials which hold accessories inside, which can facilitate the effective usage of the spaces in a kitchen. Normally the units which are kept on the floor are called "floor units" or "floor cabinets" on which a kitchen worktop made of granite, marble, tile or wood has been laid for creating spaces for varied activities in a kitchen.

The units which are held on the wall for storage purposes are termed as "wall units" or "wall cabinets". In small areas of kitchen in an apartment, even a "tall storage unit" is available for effective storage. Modular kitchen normally constitutes wooden cabinets, counter tops, internal accessories, electro domestic gadgets like chimney, hob, built-in-oven, sink with or without drain board and in some cases a refrigerator, dishwasher or other gadgets. The designer normally designs the space using modules of standardized/customized sizes to suit individual spaces.

How UNIQUE Windows helps you

At UNIQUE Windows, you get a one stop solution to all your modular kitchen needs. We provide you ready to assemble cabinets for your kitchen requirements. A variety of decorative laminates are available to give sleek and modern finishes. Our designing abilities make it possible for our clients to get maximum possible storage space in their kitchen area with minimum/no wastage of space.
